

New Style Easi-Grip® Garden Tools

PGT2

Garden tools that give you more work for less effort! These high quality, stainless steel Easi-Grip® tools have a specially angled handle making it supremely comfortable to use. By keeping your hand and wrist at a natural angle they eliminate the strains and blisters that can be caused by conventional style garden tools. These tools have benefited from a design makeover giving them a more ergonomic shape and a funkier look.

For extra support an arm support cuff can be plugged into the back of the tool allowing you to use the strength of your forearm too!

- 1 Weeder | PGT2-W
- 2 Cultivator | PGT2-C
- 3 Trowel | PGT2-T
- 4 Fork | PGT2-F

Avoid straining your hands by resting your hands frequently and change jobs to vary the action needed. Stop work before you get too tired.

RECOMMENDED FOR

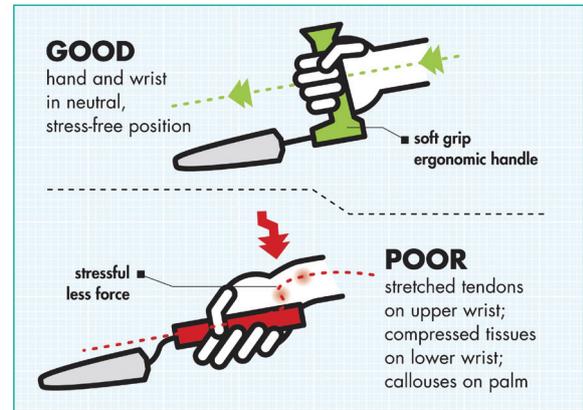

Visual Impairment

Weak Grip

Poor Hand Control

FEATURE	BENEFITS
Angled Handle	Keeps the hand and wrist in a natural angle which prevents discomfort of the wrist
Non-Slip Grip	Tool does not require such a firm grip and is less likely to twist in wet or damp conditions
Bright Colours	Easier to find in the garden or shed
Stainless Steel tool	Tool glides smoothly through soil even when wet and stops the tool becoming heavy with the weight of any adhered earth
Option to add arm support cuff	Versatility to allow tool to be used as it is or with extra assistance. Suitable for use in groups of gardeners with different needs or can be adapted if user's strength deteriorates
